PESKE-TUK

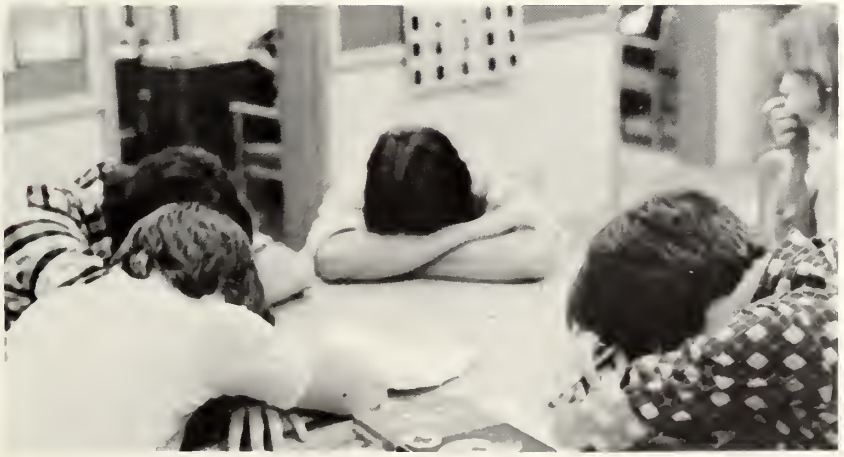
CLASS OF 1977

Turners Falls
High School

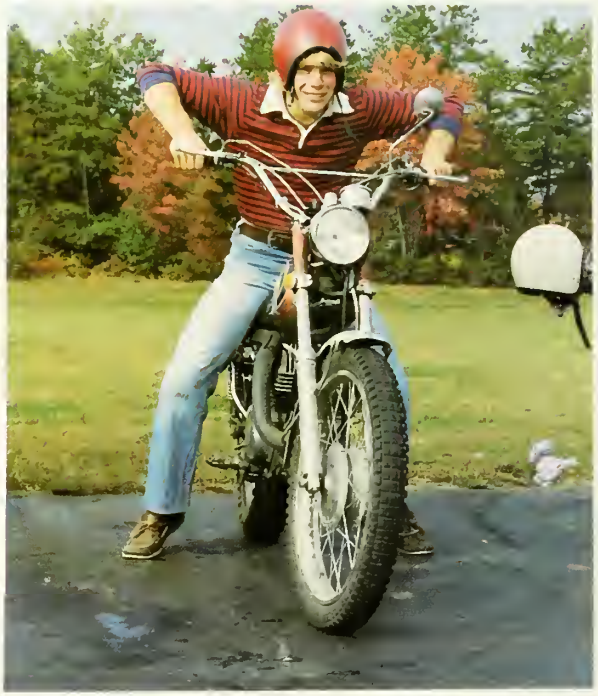
Montague, Mass.

You can tell everybody this is your song

It may be quite simple but now that it's done



I know it's not much
but it's the best
I can do



My gift is
my song
And this one's
for you.

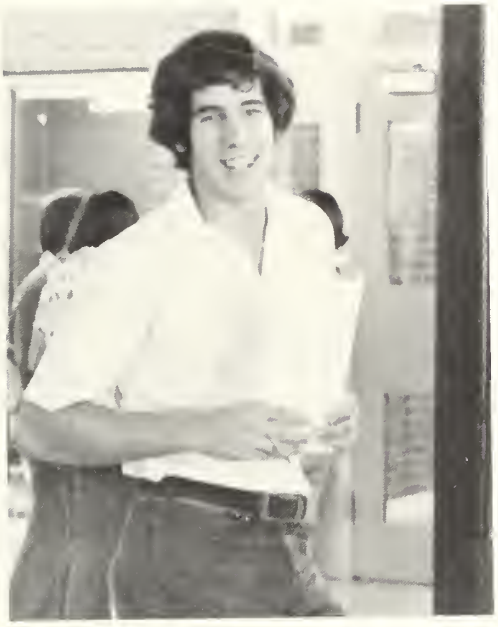
So excuse
me for forgetting
these things
that I do

But yours are the sweetest eyes I've ever seen.

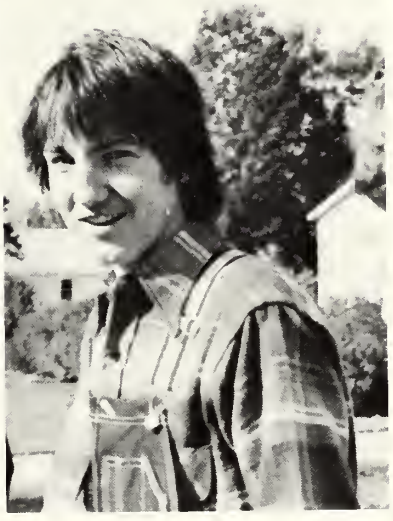
It's a little bit funny
This feeling inside

I'm not one of those who can easily hide.

Don't have much money but boy if I did!



I'd buy a big house where we all could live



You see I've forgotten if they're green or they're blue

It's for people like you that keep it turned on

I hope you don't mind

If I was a
sculptor,
but then again no

How wonderful life is while you're in this world

FRESHMEN 1973-1974

Each one of our high school years was special in our lives, but our freshmen year was exceptional. Coming out of junior high and starting high school was a brand new experience!?! It was only the "beginning" of our four memorable years to come.

Entering the recently built Turners Falls High School was so exciting!!! What a privilege we had, starting our high school years in a new school! It was nice to know, that we would not be the only ones getting lost in the building.

Our first Booster Day Rally was thrilling. The theme was Walt Disney for which we created Dumbo. Marianne Virgilio represented the freshmen class as the Lady in Waiting.

Do you remember Culture Day in American Experience? There were many varieties of food from different countries. Some of us, even dressed up in costumes. It was sure an interesting activity.

Slave Day was a fun event. Everyone was yelling and shouting bids and trying to scrounge up change. Joe Blood had the largest harem.

It had been a carefree year in which we had seen and met many new faces. June came along, the summer passed and our second year of high school would kickoff!!

SOPHOMORES 1974-1975

The fresh start of our second year had a good take-off. We were quite familiar with the building and were no longer lost.

As Booster Day rolled around in October, we were prepared. This year's theme was ecology. We constructed an Indian, which we weren't sure would stand up during the whole parade because of its height, but it certainly did!!!! We were overwhelmed with joy, when we had heard we had won first place. There was a proud feeling in each and every one of us, as we paraded around the field behind our float. What a victory!! Paula Kellyhouse was elected the Duchess.

Our sophomore year included receiving our class rings. Most of us ordered them a bit too big and as a result had to buy ring guards . We not only got our rings, but we also got T shirts. They read "Class of 1977" and had a logo of an Indian on them. That united us, even more, as a class.

Do you remember when a certain group of nine kids happen to decide to take a day off from school?!? When they returned, they were given seven detentions each.

Later in the year, we had an immense feast in biology. Remember all the delicious food we had? It was not only good to eat, but an experience to make!!

It had been a wonderful year.

History

JUNIORS 1975-1976

Time seemed to be picking up its pace. Our third year arrived quickly. We had reached the half way mark of our high school years.

The highlights of our junior year began with the second consecutive win of the float making competition. This year's theme for Booster Day was The Bicentennial. Penny Stewart was chosen for Princess.

All the participants of Junior Prize Speaking worked hard to produce good speeches. It was a very close competition.

The Junior Prom was held at Hotel Northampton. "Your Song" by Elton John was the theme song.

Dale Welcome, Kevin May and Tim Carlisle were chosen as the tri-captains for football. Several juniors were given awards at the end of the year. Cori Fugere received The Greenfield Recorder Teen Scene Award, Sue Singley received The Harvard Book Award, John Kopinsky received The Rensselaer Medal of Excellence in Science and Mathematics and Joanne Hale received The Bronze Decathlon Medal.

At the end of our third year of high school, it was really hard to believe only one year remained!!

SENIORS 1976-1977

We had come a long way and had finally made it to the top as seniors. This would be our final year attending Turners Falls High School.

A lot of hard work was put into Booster Day to make it a great success. Sesame Street was the theme. Hunched over the top of a large, gray trash can was Oscar. We were very disappointed when we did not get a place. Oh well, that was the way the ball bounced. Denise Thompson was crowned the Queen.

Both football and cross country teams had undefeated seasons, which won them the championships. It had been an outstanding year for them.

Remember getting our graduation pictures taken? We had such a hard time trying to decide on which proof we wanted!!!

The yearbook staff worked diligently to produce the yearbook. We wanted it to be a really special book and one that would be remembered.

In 1973, we were buying slaves on Slave Day, but in 1976, We, were the slaves being bought.

Over the years, we have all grown close, as a class. When we entered Turners Falls High School, some of us were complete strangers to each other and now have become very good friends. The time will come, when we all go our separate ways, but we will always treasure our high school years. These years have been priceless and could never be erased.

Now you don't have to choose between getting a good job and continuing your education.

Over 1000 colleges and the Army have an educational plan called Project Ahead. It's a way to enlist in the Army and start your college education at the same time.

If you qualify under Project Ahead, you choose the participating school you'd like to graduate from before you enlist. Then no matter where you study while in the Army, you'll take courses taught by accredited colleges right on post, with the Army paying up to 75% of the tuition.

After your enlistment's over, you'll be eligible for further financial assistance under the G.I. Bill.

If you're interested in starting on your college degree while you're working at a good job, call me.

Call Army Sgt. Quintois about Project Ahead. 773-7664
